

## 60-Year-Old Man Fights Off Robbers

Lawrence Courter, 60, of San Jose, California, was down but not out after two young men jumped him and struck him on the head with a tire iron at the I-75 rest area just south of Grayling.

While the thieves searched him for his wallet Courter cleared his head and came up swinging. Wielding a metal crutch he uses Courter bashed the attacker with the tire iron so hard the crutch bent. Courter continued hitting the robbers until they fled the restroom where the attack occurred Monday night around 9:15 p.m.

Courter then went to his van where his wife was waiting and quickly drove out of the rest area, taking down the license plate of the only other vehicle in the rest area. Gaylord state police later arrested five suspects in the vehicle on I-75 just south of Grayling and reportedly recovered the tire iron.

## Brakes Fail, Tanker Hits Car

The air brakes failed on a tanker truck at a construction site at Smith Bridge on M-72 East and the tanker met a car with a Texas couple inside.

Mr. and Mrs. Percy James, of Valleau, Texas, were taken to Mercy Hospital for treatment of minor injuries after the collision on a temporary one-lane section of the bridge. The truck driver was not injured in the accident Tuesday, Sept. 20, at 5:40 p.m.

A Detroit woman lost control of her car on I-75 southbound at the Pere Cheney overpass and drove into an embankment. Mary Price, 55, was taken to Mercy Hospital by a Crawford County ambulance crew. The accident took place Saturday, Sept. 24, at about 12:30 p.m.

## Truth in Taxation Hearing Oct. 4

The Crawford Co. Board of Commissioners will hold a public hearing Tuesday, Oct. 4, at 7 p.m. in the courthouse to discuss a possible increase of .14 mills in the operating tax levy.

The total county millage is 7.75 mills including the county, senior citizen, and transportation millages, and last year the county only levied 7.61 mills. If the county decides to levy the additional .14 mills this year it would bring in a total of about \$21,000 extra in revenues.

## Silver Tea and Holiday Bazaar

Annually sponsored by the Mercy Hospital Auxiliary, this year the Silver Tea and Holiday Bazaar will be held at the Michelson Memorial United Methodist Church on Michigan Avenue.

Beginning at 9 a.m. on Thursday, Oct. 6th, the doors open and the tables of candy, baked goods, items from our gift shop, books and the decorated tea table will appeal to all who attend.

The handi-craft items make wonderful holiday gifts - so don't miss that table. Come have lunch and browse.

## Booster Club Annual Dinner Oct. 8

The Booster Club annual dinner will be held Oct. 8 at Schey's Country House. Dinner, cocktails, and dancing are offered for \$12.50 a person. Tickets can be obtained from all board members. The installation of officers will take place during the dinner.

## Season Passes For Hanson Park Skiing Now Available

With the opening of Hanson Park for the 1983-84 ski season just 3 months away right now would be a good time to consider making plans for winter activities. With that in mind, the Grayling Recreation Authority has established new rates and membership fees for the coming season. Applications for memberships are now being accepted at the park offices which are located in the old Bear Museum Building. Rates for a family membership this year are \$175 if purchased prior to December 1 and \$200 if purchased after that date. Individual membership fees are \$80 prior to December 1 and \$95 after that date. This year, there is no distinction between adult and student individual memberships.

In addition to the regular memberships, this year Hanson Park will be offering a Super-Ski Ticket. The Super-Ski Ticket is a punch-out coupon which can be exchanged for \$51.00 worth of two fees. The price of the Super-Ski Ticket is \$40.

It is hoped that many area skiers will purchase their memberships early in order to provide the park with much needed money to make the necessary preparations for the ski season.

## Range Firing Conducted

Range Firing will be conducted at Camp Grayling during the period 28 September and 2 Oct and Oct. 4 & 5.

Firing will be in the following areas on the dates & times as indicated.

The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd., east of the gas pipeline and south of Portage Creek. Firing will begin at 8:00 a.m. 1 Oct. and cease at 5:00 p.m. 2 Oct.

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97 (Twin Bridge Rd.). Firing will begin at 9:00 a.m. (Daily) and cease at 5:00 p.m. (Daily).

The ranges will be closed to the public during these periods and all persons are warned to keep out of the areas identified.

# From a Dream to Major Tourist Attraction, Hatchery is Success with 37,000 Visitors

by Jon Thompson

It almost didn't open on time. There was no money to buy fish. No money to hire night watchmen.

But somehow, when Memorial Day weekend came, the county and fish hatchery committee managed to open the gates at the Grayling Fish Hatchery and 1,500 persons visited the first weekend. It was a sign of the good things to come.

A couple hundred large rainbow trout, one huge brown trout, and ten thousand small rainbows attracted more than 37,000 children and adults to the

once-again popular Grayling Fish Hatchery this summer with the official closing date Friday, September 30.

"It's been a good summer," said Howard Hatfield, fish hatchery manager.

Attendance exceeded estimates by more than 30 percent and selling fish food brought in a lot of revenue to help pay for hatchery operations.

The fish enjoyed the summer too. The small rainbows averaging 6-9 inches and 3½ ounces when they arrived now average 13 inches and weigh 15 ounces. The 10-13 inchers now average 17 inches and some weigh 2 lbs. and 2 ounces.

Besides being fed twice a day by Hatfield, the fish snacked often on pellets thrown in by visitors. The fish did so well losses did not reach 200 - the number of

losses trout farmers consider normal for raising 10,000 fish.

"Most of the fish we did lose went during one real hot spell," Hatfield said. "Barnie Engel (a former DNR fish hatchery manager at Grayling) really helped out."

Most of the fish were leased from Flowing Wells in the spring and will be returned early in October. Another 250 rainbows now ranging from 18 to 27 inches were given to the hatchery by the DNR. Hatfield said hatchery and county officials will meet soon to figure out what to do with these fish. He said it would cost too much to keep them at the hatchery because they would have to pay a lot for night watchmen during the long winter nights.

Without night watchmen,

Hatfield said the fish wouldn't last too long. He said one option would be to board them at Flowing Wells. In exchange for keeping the fish, Flowing Wells could keep the eggs the fish produced.

Re-opening the hatchery 18 years after it was closed by the DNR left quite a list of accomplishments managed mainly through a community effort. The raceways were cleaned, some were filled in and planted with grass, fish food vending machines were installed, a 22 x 40-foot building was erected, electricity, lights, and a telephone were hooked up, and a totem pole and hatchery signs were erected.

And next year at the hatchery may be even better with one successful year under their belts and biggest hurdles already passed.

**COLD WORK**—Fish Hatchery manager Howard Hatfield has the long and cold job of sorting nearly 10,000 trout. Working in 45 degree water Hatfield began sorting the fish by size to help Flowing Wells when they arrive to pick up the fish. (Photographs by Jon Thompson)

## Wood Permit Sales Picking Up

By Jon Thompson

Sales of \$10 DNR woodcutting permits for Crawford County are increasing with the advance of the fall season - traditional woodcutting weather.

Cindy Thorton, secretary at the DNR Grayling Field Office, said 800 permits have already been sold this year - the first year a fee has been charged - and quite a few woodcutters are still picking them up.

Sales were brisk last week and she said expected warm weather could bring more woodcutters into the DNR office.

Last year about 1400 free permits were issued. DNR Conservation officers have caught several woodcutters without permits, but Thorton said two other reasons may also account for the lower number of permits issued so far this year. Many cabin owners from downstate who used to cut a cord of two now buy wood instead of paying \$10 for a permit. The \$10 permit has also cut out the persons who used false names to obtain five or six permits for all the zones areas. Now woodcutters have to sign the permit and present identification such as a driver's license.

Woodcutters pick one zone out of six in the county for their permit and Thorton said zones 2 and 5 are

receiving the heaviest demand. Zone 2 contains the military ranges north of North Down River Rd. and Zone 5 covers all the state land south of M-72 and west of I-75. She said zone 5 may be the most popular right now because better roads make the wood easier to get to there.

The \$10 permit allows woodcutters to take five standard cords of dead hardwood from April 1 to Dec. 31. (A standard cord measures eight feet long, four feet high, and four feet wide.) Only a few Crawford County woodcutters have opted for a free permit that allows for 5 cords of pine wood. Thorton said a few woodcutters have asked for both permits to cut a mixture of hardwoods and pine.

This year a map of the zone and rules are attached to the paid permit.

"It's nice because the rules come right from Lansing and it makes for more uniform rules for woodcutting across the state," Thorton said. "Many people are reading the rules right away before they leave the office."

The rules specifically outline where firewood can be cut and how it may be cut. Firewood obtained under the \$10 permit is designated for personal use only and can not be sold or traded. The

permit holder is responsible for making sure the wood he is cutting is on state land instead of private property. Only 100 percent dead trees can be cut and they may be standing or on the ground. Storm or fire-killed trees may also be cut with DNR permission and tops or other wood left over from closed timber may be cut with DNR approval.

When cutting firewood the permit holder has to protect surrounding live trees from injury, can not leave a stump higher than the diameter of

## Beaver Creek Residents Want Billman Road Improved

BY Jon Thompson

Beaver Creek residents Lee and Jim Fournier and Dorothy and Jim Dippre are leading a petition drive asking for improvements on Billman Road, a four and a half mile dirt road running mainly north and south.

"We're not asking for the moon," Lee Fournier said. "All we want is a road that isn't dangerous."

The Fourniers said the road has been getting worse for six or seven years and this September it was in the worse shape ever.

"The road bed is gone. What gravel was in the road is gone, pushed to the side by grading," Jim Fournier said.

They said the road commission recently put clay on the road to try to help but it rained afterwards turning the road into a slippery mess.

"They should have put clay on it, rolled it, and then put gravel on top," Jim Fournier said.

Crawford County Road Commission Manager/Engineer John Keir said there isn't enough money to put gravel on the road. He estimated it would cost \$20,000 a mile for gravel, labor, and equipment.

"And in five or ten years you'd have the same situation," he said. "The

gravel would be all gone through grading and snowplowing."

Keir said Billman Road is a basic sand-gravel road like many others in the county.

"In my opinion, the road foreman's opinion, and in the opinion of the men who service the road, Billman Road is no worse than other sandy roads in the county," Keir said.

The road will service two-way traffic except in one spot on a steep hill, he said.

"If you go near the edge of the road, it's going to be sandy. It's that way on most sandy roads around this area," he said. He said the county did try to put in some "country gutters" last week to help drainage but the county normally doesn't

## A New Health Service Is Coming to Crawford County

Through the cooperation of Mercy Hospital and Crawford County Chapter/American Red Cross regular blood pressure screening operations will be available - without charge - to the citizens of Crawford County and surrounding areas beginning Monday, October 10.

The place will be Mercy Hospital - convenient to stop before or after work - or before, after or between errands!

The time will be from 3:30 until 7:30 p.m. the second and fourth Monday of each month. It is hoped that citizen response and volun-

teer enthusiasm will soon require the service every Monday.

High blood pressure is one of the basic causes of cardiovascular disease, our Nation's biggest killer, as almost everyone knows from the tremendous amount of publicity that Medical and Health organizations have provided.

The medical term for high blood pressure is "Hypertension" and according to the Michigan Department of Public Health more than one of every four adults is afflicted with hypertension. Unfortunately there are few

symptoms evident until the disease has caused damage to the circulatory system.

That is why hypertension is so often called the "silent killer", yet the existence of hypertension is immediately foretold by measuring blood pressure - a simple and totally painless procedure taking but a few minutes.

Despite its relative ease of detection it is estimated that at least one third of the victims of hypertension are unaware of their diseased condition because they have failed to have their blood pressure checked.

It is the folks between 20 to 55 years of age who most often are unaware of being victims of hypertension and it is hoped that this group will take advantage of this new "Free" blood pressure screening and monitoring program.

If high blood pressure is revealed in this monitoring program it is reassuring to know that it can almost always be controlled and further damage restrained by lifestyle changes and/or by taking medication.

If this new Health Service is utilized by the folks of our community, it is anticipated

**CELEBRATES 97TH BIRTHDAY**—Mrs. Rosa Christenson is shown enjoying her 97th birthday dinner at a family gathering on Saturday. Rosa, was born on September 23, 1886, at the family homestead in Sigbee, Crawford County, 8 miles east of Grayling on the now North Down River Road. She was the fifth child in a family of seven of pioneers, Hugo and Agnes Oesterle Schreiber, and remains today as the oldest living native of the county. She and her late husband, Peter William Christenson, had always made their home in Grayling.

The family potluck, complete with a birthday cake, held on September 24, 1983, at the home of her daughter and husband, Fay and Bob Bovee, was attended by relatives from Grayling, Gaylord, Flint and Cadillac. Rosa received gifts, flowers, and many cards from friends and relatives, including one from Ronald and Nancy Reagan.

for American Red Cross  
Next Saturday will bring October to us once again - the heart of the Fall Season in Northern Michigan with all its glorious reds, oranges and browns.

October is also the heart of the Red Cross year - because it is the month in which the

money must be raised to assure continuance of the vital humanitarian services that Red Cross - and only Red Cross - provides the folks of our community.

It has always been our belief that if all our citizens understood what these humanitarian services are; and that EACH OF US at

## From Our Corner...

What a dreary Sunday...it isn't even fit for ducks, and the weather man promised a nice day for Sunday and that the rain would hold off until Monday...enough said...

We received a note last week that read: Dear Editor, Petitioning has begun, Thank you for any space given. Respectively, Lisa Thorpe, INSA Press Sec'y.

The petitioning referred to is the New State petition. 36,000 signatures are needed and will assure a mid-1984 Special Election to start the New State process.

Advantages to those living in the 36 northernmost counties of the State of Michigan are listed on the petition as follows:

- ★ 50% less property tax.
- ★ State subservient to local government.
- ★ Final electoral say on taxes by voters.
- ★ An end to tax and government overlaps.
- ★ No single business or corporate taxes.
- ★ Improved educational system.
- ★ Washington Clout via 4 U.S. Representatives
- ★ And much more...for details write or phone: Interim New State Authority (INSA) Box 1365, Boyne City, Mich. 49712...Phone 616-582-7098.

A synopsis of the proposed act reads: An initiative Act by the people of Michigan's thirty-six northernmost counties to mandate a special election to set in motion the legal process of becoming a New State, and to guarantee its citizens ballot box final say on taxes; to elect delegates to a constitutional convention, and to approve the results thereof at the polls; to establish the New State's southern boundary line; and to approve and fund a temporary transition organization to facilitate these and other attendant new statehood needs. (The full text is printed on the reverse side of the petition.)

The 36 counties that are included in the proposal are: Alcona, Alger, Alpena, Antrim, Baraga, Benzie, Charlevoix, Cheboygan, Chippewa, Crawford, Delta, Dickinson, Emmet, Gogebic, Grand Traverse, Houghton, Iosco, Iron, Kalkaska, Keweenaw, Leelanau, Luce, Mackinac, Manistee, Marquette, Menominee, Montmorency, Missaukee, Ogemaw, Ontonagon, Oscoda, Otsego, Presque Isle, Roscommon, Schoolcraft and Wexford.

This is something everyone who lives in northern Michigan should think about...at least with a New State we would be governed by people who live in our own area and not by a few counties downstate such as Wayne, Oakland, Macomb, Genesee and a couple others...

We left this turkey Sunday afternoon during a constant drizzle and headed for the wagon shed to watch a little football...we missed the Lions' defeat but watched the overtime game with the Los Angeles Rams and New York Jets...at times you didn't know if you were watching football or a donnybrook...there must not be too much love lost between these two clubs, at least they make the game exciting...now we're trying to finish our efforts Monday afternoon, and it is beautiful outdoors...the weather man had better go back to school, he had the two days just turned around, which doesn't help when Sunday is the day of leisure, or supposedly...

This does it for this week...so we will say goodnight to T.J., Stefany and Amber, and to all of our readers, have a nice weekend...there should be a few more good ones left to enjoy...

## The Bible Speaks

From Calvary Baptist Church

### CAUSE OF MAN'S GREATEST PROBLEMS

The love of knowledge for personal glory and gain has been the greatest single cause of most of the serious problems of mankind. Sin entered the human race because Satan tempted Eve to eat of the tree of knowledge of good and evil. "And the serpent said unto the woman, Ye shall not surely die: For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil." Genesis 3:4, 5. Along with the lust of the flesh and the lust of the eye, Eve's pride of life was tempted when she saw the tree was "a tree to be desired to make one wise." Genesis 3:6. Eve's vain desire for wisdom to be like God brought death on the entire human race through sin.

Jonathan Schell in his book "The Fate Of The Earth" makes an interesting observation about Einstein and his quest for the knowledge of the atom: By nature he was, according to all accounts, the gentlest of men and by conviction he was a pacifist, yet he made intellectual discoveries that led the way to the invention of weapons with which the species could exterminate itself. Inspired wholly by a love of knowledge for its own sake, and by an awe at the creation which bordered on the religious, he made possible an instrument of destruction with which the terrestrial creation could be disfigured." Pages 104-105.

If Schell's evaluation of Einstein's motivation is correct, then all of us are threatened by Einstein's sin, just as all of us became

depraved by the sin of Eve.

The orderly creation of matter in the universe bears witness to the power and authority of God. "For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead; so that they are without excuse." Romans 1:20. Nuclear scientists have the glorious privilege to analyze the pure power and order of God in creation as they study the atom, but often as evolutionists, they worship the power and order of the matter instead of the God who permitted 20th century man to see His awesome power and order in creation.

It is interesting that Schell quotes Glasstone concerning the time element in the release of nuclear energy speaking of such terms as "a hundred-millionth of a second" and "a tenth of a millionth of a second", and yet many scientists have trouble believing God put all this universe together in six normal 24 hour days.

"Because that, when they knew God, they glorified him not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened. Professing themselves to be wise, they became fools." Romans 1:21, 22. (adv.)

## Test at Grayling High

Bill Klinger, counselor at Grayling High School has announced that the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) will be given to college bound juniors on Tuesday, October 18th, at Grayling High School. The PSAT/NMSQT

## Editor's Mailbox

Sept. 17, 1983

Dear Mr. Madson and the taxpayers of Crawford County,

At this time I would like to express my opinion of the outcome of the millage election that was held on September 12.

When I learned that the taxpayers of the Crawford-AuSable School District voted down the increase of the millage for the new middle school, I felt that a grave error had been made. Many people in the county fail to understand that the issue of the new middle school is very important, and almost desperate. It is my feeling that the quality of education is being threatened because of its poor condition.

The memories of middle school for myself were good ones. I can remember when it was a big joke to be sitting in class seven years ago, and watch pieces of plaster fall onto my classmates heads, while the teacher was trying to drill our lessons into our heads. The stairs were nice, because one could jump on them and feel the floor creek. There was always a question in our minds about how many times we could climb up those things, without the stairs falling in on us. There was always the neat echo in the classrooms too. The students in my class could hear the teacher lecture three or four times, before the sound stopped traveling around in the rooms.

I would like to remind the taxpayers that all of this was going on seven years ago. Buildings do not improve overnight. Usually they deteriorate, as they get older. I personally proved this to myself after I took a short tour through the school just before my graduation from Grayling High School in 1983. Believe me taxpayers, the situation is not any better. I personally figured that the millage would pass because everyone would understand that the school is now no longer fit to be a school anymore.

Just what are the taxpayers waiting for anyhow? Are they waiting for a piece of plaster to fall on some young persons head large enough to handicap them for the rest of their lives? This, I feel is not totally out of the question. If plaster was falling on our classmates heads seven years ago, what is going to fall on our students heads next year?

I believe that my point has been made. The School Board is not asking the taxpayers to build the Brooklyn Bridge, or to buy an ocean front view in Arizona, or anything close to that. The only thing that they are asking for is some money to build a better educational facility for our young people, so that they can become better educated. It is going to make everyone pay a little bit more, but which is more important; the money or the lives of our community's young people. I feel that if the people pick the money, they are selfish inhumanitarians.

Sometimes it's funny to think about people. They want their kids to go on to college and do well in their respective careers. How is this possible if the student does not have a good ground-work to start on? Education is a long process. One does not wake up in the morning and turn into a genius. In today's modern age, students must become more educated than before because there is more job competition. Our kids will not get the proper start to modern education by starting in a school which does not meet today's educational needs. I feel that the Grayling Middle School is now fit for a museum piece, and not a place for modern learning.

Thank you, Tim Taylor

is a multiple choice test measuring certain developed verbal and mathematical abilities that have been shown to be related to success in college work.

The 1983 fee is \$4.50 per student and the students should sign up in the Counseling Office. All juniors who are interested in college should take the PSAT/NMSQT test. The results from this test can enter you into scholarship competition, compare your scores with other juniors and prepare you for the SAT or ACT test next spring.

If you need more information about the PSAT/NMSQT you can call Bill Klinger in the Counseling Office at Grayling High School. The phone number is 348-7641 ext. 40.

## DOs Screen Elders Vision

Since March 1, Doctors of Optometry have screened the vision of at least 25,000 older Americans in 29 states. This milestone in the American Optometric Association (AOA) senior citizen screening initiative was announced in late June during the AOA's Annual Congress in Washington, D.C.

In a message to the 23,000-member association President Ronald Reagan commended the AOA for this "thoughtful and humanitarian effort to aid our senior citizens. This program reflects your commitment to address the visual health problems of all Americans... (and it) epitomizes the best in the American spirit of volunteerism that has traditionally been an essential part of our nation's progress."

The screening process includes personal health and eye care history, visual acuity, eye health evaluation, intraocular pressure, review of screening results and history.

Doctors of Optometry practice in over 6,000 communities and thus are strategically located for screening as well as for resulting diagnostic and treatment and/or referral services.

## St. Francis Church Bazaar

Interested in collectibles or white elephants? Visit our Nifty Thrifty Shoppe where there will be many items you can't pass up.

Many talented people have also contributed baked goods to be sold, as well as our famous Cabin Dressing and lots of other goodies.

Coffee and light refreshments will be available, so come and browse at your leisure, and enjoy what we have to offer.

## Final Rites For Clifford Fritz, 82

Clifford E. Fritz, 82, of Beaver Creek Township, died September 18, 1983 at Mercy Hospital in Grayling. Funeral services were held Wednesday, Sept. 21, 1983 at St. Michael's Catholic Church in Roscommon with Father John Tamulis officiating, burial was in Gerrish Township.

Mr. Fritz was born in Kendallville, Indiana September 1, 1901 to William C. and Louise Fritz. He retired in 1956 as captain of the Ferndale Police Department at which time he moved to Beaver Creek. He was an Honorary Life member of Elks Lodge #1588, Ferndale, Honorary life member Spirit #36 Metropolitan Club of America and a member of the S.E. Michigan Association of Chief of Police.

He is survived by his wife, Lucy; four sons, Clifford, Jr., St. Clair Shores; Edmund, of Burkley; Charles, of Oak Park and Raymond of Dayton, Ohio, twenty-two grandchildren and eight great grandchildren.

## Bits O'Talk

by Fay Bovee

Mrs. Don Jansen was in Lansing last Monday and Tuesday to attend two meetings in connection with the State Plumbing Association. On Monday evening she drove to Ann Arbor to stay with Mrs. John List, and to visit John List who was hospitalized at the University of Michigan Hospital.

Arrived just in time for fall planting, bulbs from Holland, Tulip, Hyacinth, Narcissus & Crocus. All colors. Hillside Farm, M-72 East, 348-9467.

On Thursday Don and Elsie Jansen were in Ubley where they installed the officers of the new Plumbing Auxiliary.

Sandy and Bob Luter of Clarkston, & Lise and Ted Davenport of Lake Orion spent a weekend with their respective parents, the Max Davenports & Eva Strong, here to attend the Grayling High School Alumni banquet.

Now ready for fall planting, extra special Chrysanthemums, all colors plus double reds. \$3.50. Hillside Farms, 348-9467.

William Harrison of Lakeland, Florida is in the Lakeland Regional Medical Hospital, Room 408, East Lakeland, Fla 33802. He has had surgery and would enjoy hearing from his friends.

Female enrollments in North Carolina colleges and universities rose steadily during the past decade. Today, the majority of students are women.

**Graduates From Gunners School**  
Navy Gunner's Mate Seaman Edward A. Demorest, son of Irene E. and Robert E. Demorest of Roscommon, was graduated from Basic Gunner's Mate School.

During the 16-week course at the Naval Training Center, Great Lakes, Ill., students received an introduction to the weaponry currently installed aboard Navy warships. They studied the operation and maintenance of missile and rocket launching systems and naval guns, including the electrical, mechanical and hydraulic systems of each. Additionally, they studied the use and safe handling of ammunition, fuses and pyrotechnics.

How difficult it is to get the facts straight whether you are reading the newspaper or watching the television. It's not that the facts aren't there - just the plain old fashion problem of people seeing the same thing.

Take, for example, Aaron the brother of Moses. While Moses was on top of the mountain, receiving the Ten Commandments and conversing with God, the people were in the valley growing very impatient. Finally, they came to Aaron and said, "...make us gods who shall go before us; as for this Moses...we do not know what has become of him."

Aaron knew what to do, he commanded them to "take off the rings of gold which are in the ears of your wives, children and daughters." With much preparation and work a golden calf was made. The very next day - an altar was erected to offer sacrifices to the golden calf. Those are the facts as they occurred. Now let's observe what Aaron told his brother.

"Aaron said, 'They came and commanded that I make them a god.' Then he continued, '...you know the people they are set on evil...I cast it into the fire and there came out this calf.'"

Poor, poor Aaron! Not one hint of all the preparation he undertook to make a golden calf. The only thing he did was to blame the people, blame the fire and blame the blasted furnace.

Who are you blaming for where you are in life? Who are you blaming for not being where you think you should be? God has never forgiven a furnace nor a blasted fire. As long as you are blaming something or someone else God is not going to be able to forgive you! Stop blaming the fire!

### Drunk Driving Statute Increasing Jury Trials

Warren M. Hoyt, Executive Director, MPA

Jury trials for persons charged with drunk driving are increasing greatly, however, the success rate of prosecutions likewise is increasing, members of a statewide Drunk Driving Task Force were told at their initial meeting.

Ingham County Prosecutor Peter Houk said that the new drunk driving law, which took effect April 1, has brought about an increased demand for a jury trial ranging from 500 to 600 percent, but the prosecution success rate is up nearly 1,000 percent.

Houk suggested the backlog of jury requests have resulted because of the potential for driver license restrictions.

He added procedural challenges are "gumming up the system" when the drunken driving cases reach trial.

The task force, appointed under provisions of the new act, has begun deliberations with an eye toward making a preliminary report to the governor and Legislature one year after the effective date of the act and a final report a year later.

The group decided to support proposed amendments to the new act including one establishing a new section determining that an attempted offense under the drunk driving statute shall be punished as if the offense had been completed.

An attempted offense would also be subject to the same procedure when assessing points and taking license action.

Upon a suggestion by Rev. Allen Rice of the Michigan Council on Alcohol Problems, the task force decided to look into the possibility of driver license revocations before a case goes to trial.

Rice said administrative hearings satisfy the due process constitutional requirements in the

cases. Minnesota and Iowa currently are revoking or restricting licenses as punishments after administrative hearings.

Blanchard offered his total support for the working of the task force.

His chief of staff Phillip Jourdan, on behalf of the governor, urged the membership to work toward making a safer transportation network for Michigan citizens and tourists.

The governor said the task force should concentrate on identification of drunk drivers, guarantee quick judicial proceedings, follow-up checks after arrest and adjudication and treatment.

#### STATE BOARD TO OPEN UP OFFICE

The State Board of Education has announced plans to open a regional office in Marquette to serve school districts in the Upper Peninsula.

The office, to be opened October 17, will be located in the Michigan Rehabilitation Services Building in Marquette under the directorship of Paul D. Kimball, who has served as director of general services for the Marquette Alger Intermediate School District.

The board's Outreach Service Center will be a one-year project and part of a feasibility study to determine the efficiency and cost-effectiveness of establishing a regional center to meet the particular educational needs of the UP.

The study will further determine whether a regional office can give more efficient delivery of education services, whether it can develop more effective response to regional needs and can provide better coordination of technical assistance to the region.

The 15-county UP region has 68 local school districts and seven intermediate school districts.

**WINNERS NAMED**—Winners of the Pet Fashion Show held during the Milltown Festival, 1983 were: Top Center Champion and Reyes Syndrome mascot "Spice" & Kelly Leal; 2nd, "Purl" & April Franquist, right hand middle row; 3rd "Pepe" & Virginia Watson, bottom row right; 4th "Freckles" & Nicole Trenary, bottom left; 5th "Spike" & Julie Huss, middle row left, and Dorothy Howitt, Judge, top left.

It is hoped there will be a larger entry next year.

#### Miller-Drife Speak Vows

Joyce Miller of Grayling and Donald Drife of Royal Oak were married on Saturday afternoon, September 17 in a double ring ceremony at Mt. Hope Lutheran Church. The ceremony was performed by Pastor Dale Bond at 2:00 p.m.

Joyce is the daughter of Mr. and Mrs. John Miller of Mt. Morris and Grayling (Lovells Road) and Don is the son of Mr. and Mrs. Malcolm Drife of Royal Oak.

Joyce wore a dress of muslin trimmed with embroidery and lace and carried a bouquet of spotted knapweed, purple asters, and baby's breath. Her matron of honor was Mrs. Victoria Bond. She wore a berry colored dress of crepe. William Ketel of Royal Oak was Donald's best man. Carl Drife of Royal Oak and David Vogel of Grayling were ushers.

A reception followed in the

fellowship hall of the church after the ceremony.

Out of town guests were from Royal Oak, Berkley, Muskegon, Midland, Interlochen, Clio, Fenton, Bronxville, New York, Reading, Pennsylvania, and Edgewater, Florida.

The couple left on a honeymoon to Cedarville and will make their home in Madison Heights.

#### RSVP Reports

by Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. Thanks to all the volunteers who so graciously gave of their time and talents to the Historical Museum, Hartwick Pines, Fish Hatchery, Milltown and all the other special occasions and events throughout the summer.

Now that the hottest summer in quite a few years is behind us, it's time to settle down to get ready for holidays. Speaking of holidays, we have flannel for boys P.J.s that need to be cut. Also, we have cut P.J.s that need to be sewn. Have a couple dolls that need dresses if you'd like to sew doll clothes.

Would you be interested in helping out at the schools? Volunteers are needed at the high school library, elementary reading program and middle school. We are also compiling a list of resource persons for teachers to use in RSVP's Living History Program. If you have a special skill or special experience and would like to share it, please let us know.

RSVP's annual Mail Campaign fund raising will be coming up the end of October. We will need help with typing labels, folding letters, stuffing envelopes, etc. If you'd like to help, give us a call.

Soon many of our volunteers will be leaving for warmer climates. Please be sure to stop by or call the office with your new address so we can send your newsletters, etc., to you.

Do you know someone who might be interested in becoming a member of RSVP? Stop by or call the office 8-5, Monday through Friday, 348-4341 or 348-8322.

October 6, the Historical Society will be having a dinner at 6 p.m. for all volunteers who served at the museum this year. If you have not received a call, please call the office for more details.

## U.S. Navy Ship Named After Marine Corps Hero

Dewayne Williams

A new U.S. Navy ship will be named after Marine Corps hero Dewayne T. Williams, the son of Mrs. Rosemary Williams, of Grayling.

Pfc. Dewayne Williams was killed in Vietnam on his 19th birthday, Sept. 18, 1968, when he smothered an enemy grenade with his body to protect his fellow Marines. Williams and his squad were on a night patrol looking for enemy snipers when they were ambushed. Williams was severely wounded in the back but was still crawling toward a

position to return fire when a grenade fell among his group of Marines. He rolled on top of it to save the others.

The ship dedicated to Williams will be the one of five new maritime prepositioning ships designed to carry equipment, fuel, and supplies to support a landing force of about 3000 Marines.

Rosemary Williams, her daughter Janice, also of Grayling, and her son Howard Williams attended the keel laying ceremony Sept. 16 in Quincy, Mass., and will return to the christening in 1985. Dewayne T. Williams is one of 13 Medal of Honor winners in the Marine Corps to have ships named after them.

Rosemary Williams moved to Grayling about seven years ago with her husband Howard, who passed away three years ago. The family resided in Port Huron for many years and Dewayne enlisted in the service there on his 18th birthday.

### The Infant Health Project

The infant health project is an attempt to bring together many prenatal and infant care resources and programs through a coordinated effort to encourage early and continuous care for mother and child. Our goal is healthy mothers and babies through early care.

The Early Pregnancy Workshops are held every 3 months. These sessions offer tips for early pregnancy comfort, exercises, nutrition, community resources, communication between you and your physician, abuse and use of medications, etc.

If it important, especially these days of financial problems that pregnant moms be aware of how very important early prenatal care is to the development of their baby. Early physician visits, good nutrition, over the counter medication caution, the results of smoking and drinking on the fetus are only some of the concerns a newly pregnant mom needs to be thinking about. These workshops will help give the baby a great start on the trip to his or her Birth Day.

Call your local health department office for further information about the services available to newly pregnant women.

### Completes Basic Training

Army National Guard Pvt. David B. Brooks, son of William A. and Linda C. Brooks of Rural Route 4, Grayling, has completed basic training at Fort Jackson, S.C.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

Dear Sir:

Education ranks right behind Motherhood and Safety, and rightfully so. In order to educate our young, we must have adequate facilities, as well as adequate teachers. Most everyone will accept this concept, however, in the Grayling area, fear of higher taxes and misinformation may have killed the Crawford AuSable School District's plan for a new middle school.

I suggest and recommend a plan to secure the necessary funds to build a new middle school. The plan is simple, however, the implementation of the plan will take tenacity, imagination, hard work and the combined efforts of many Crawford County organizations working as a single entity.

The Plan — State of Michigan sell or auction portions of land it owns in Crawford County. It owns over 50% of all Crawford County land.

a) Monies from sale to be designated only for building of schools in Crawford County area.

b) Places more land on tax rolls, thus spreading tax burden.

c) Could result in lower taxes and/or improved services.

Corporations wishing to expand their operations will look favorably about locating in the Grayling area when they see a fine school system at all instructional levels: Elementary, Middle and High School.

The Citizens of Crawford County always have been known as "doers", and if they all would get behind this plan as a single project, I believe they could convince the State of Michigan's Senate and House of Representatives on this Grayling Educational Plan.

It was my good fortune to live in Grayling many years and get most of my education there. If I may be of any help, please let me know.

Sincerely,  
Jack Zeder

## Does Red Cross Deserve Your Support?

(Continued from Page 1)

least once in every person's life - either as the result of surgery or an accident - every individual needs blood or some form of blood derivative to survive.

In this County - because of the generous giving of their blood by our wonderful Blood Donors - Red Cross Blood Service is able to supply the blood needs of all of our citizens, no matter where he or she may be in the United States when they need such blood, free of charge except for the cost of drawing, processing, storing and redistributing it, and without need for replacement!

Red Cross researchers in the thirties developed the procedures universally used world wide today to draw blood from humans, process it, store it, and redistribute it to hospitals and clinics to save the lives of millions of our fellow citizens annually.

American Red Cross Blood Services provide over half of the blood needs in our Country today. Blood itself is given freely to American Red Cross and American Red Cross gives it back freely to those who need it to maintain their health.

American Red Cross Blood Service Regions are totally controlled by American National Red Cross, although managed and operated by a local Red Cross Chapter. All financial and physical operations of a Red Cross Blood Region are rigidly supervised and audited to make certain every Red Cross operating procedure is maintained 100%; that costs are held to a minimum so that the fee charged per unit is as low as possible; and, also, to insure that not one penny of revenue from Red Cross Blood Service is ever used to defray any other operating expense of American Red Cross at the national or at the local chapter level.

Freshly drawn whole blood is usable for transfusion for 35 days. After 35 days any whole blood not transfused is processed into one of many derivatives used for fighting disease. No blood is wasted nor thrown away because it is unneeded.

There are eight blood types: O positive, O negative, A positive, A

negative, B positive, B negative, AB positive and AB negative. A and O positive are the commonest blood types. About one third of us have A positive and another third O positive. The remaining six types - considered "rare" - are: B positive, 8%; A negative, 6%; AB positive 3.5%; B negative, 2%, and the rarest of all, AB negative, only a half of one percent - one out of every 200 persons.

In the last few years Red Cross has developed a procedure to freeze rare types of blood and it remains perfectly usable for ten or more years. It is an expensive process costing almost \$50 per pint to accomplish, but, almost all rare unused blood is so frozen to assure an adequate supply of rare blood for emergencies.

Some surgical procedures require very large amounts of blood. Open heart surgery for example frequently uses 25 or more pints. When you consider that the average human body contains only twelve pints of blood, you can appreciate the vital need for an adequate supply of all blood types to assure successful surgery in such areas and to save the lives of some accident victims where again large quantities of blood may be required to keep the patient alive while being patched up in an operating room.

There are literally millions of people alive today who fifty years ago would not have survived because the life saving capability of this modern facility for gathering, storing and redistributing blood to hospitals and clinics did not exist.

If you have already experienced your "need for blood" certainly you must want to make sure this vital Red Cross service is kept functioning at a high performance level for the benefit of your family, your neighbors, or for you, if you should ever need blood again for yourself.

If you have not yet experienced a need for blood, surely you must want to make sure this vital service is operating at it's best when your turn comes - as it inevitably will!

You will probably receive a letter from this Red Cross

Chapter asking for your financial support. Won't you please use the envelope which will be enclosed to mail a check to this Red Cross Chapter so we can be sure this vital Red Cross Service will be functioning well when you or your family needs it?

If you don't receive a letter, won't you please send a check anyway to Crawford County Chapter/American Red Cross, RR#2, Box 2515, Grayling 49738?

Watch for this headline in the October 6th issue of The Avalanche, when we will tell you about another vital humanitarian Red Cross Service.

### Facts of Law

By

Colorado State law makes it illegal to watch a dog fight!

Even though you do not have title to a property, you may become the true owner through ADVERSE POSSESSION, — that is, by living continually and openly on the premises for the amount of time prescribed in the statute of limitations.

Two or more persons fighting physically in a public place and disturbing others is known as an AF-FRAY.

The term F.O.B. or "free on board" imposes on the seller the risk and expense involved in getting the goods to the designated place or on board the specified carrier. The buyer is responsible for transportation costs from there.

It is a general rule that any contract which violates a federal, state, or local law or ordinance is illegal and void.

Let's check over that contract at the office of Alton T. Davis and William L. Carey, 114 Michigan Ave., Ph. 348-5232/348-2960.

**EACH YEAR THEY MAKE A GIFT OF THEIR THANKSGIVING.**

At Lamb's Manhattan Church of the Nazarene, there is a special event that brings people from all over America.

They come to serve a feast to the lost people of New York City. The street people, the runaways, the destitute. And help bring them into the heart of our Lord.

Last year, a man drove all the way from George, Iowa, — 1,400 miles — in a pickup truck loaded with turkeys donated by his neighbors.

A woman came in from Grand Rapids, Michigan, to help cook dinner.

And the captain at an expensive New York restaurant dressed up in his tuxedo to serve the feast.

Each year, they come from South Dakota, Wisconsin, Tennessee, Carolina, Pennsylvania and Ohio. From Connecticut and New Jersey. And make a gift of their Thanksgiving.

For He has told us, "When you give a dinner or a banquet, do not invite your friends, your brothers, or your relatives, or your rich neighbors...but invite the poor, the maimed, the lame and the blind."

## Women Retreat Slated For Boyne Mountain

Final plans are being made for the 12th Annual Win-Some Women retreat which will be held Friday, November 4th and Saturday, November 5th at the Boyne Mountain Convention Center in Boyne Falls, Michigan.

Bob Benson is an extraordinarily talented author and speaker whose achieve-

ments are noteworthy in the Christian community at large. Those who heard Bob at the retreat three years ago will remember him as a warm, sensitive, insightful person with a remarkable dry wit that pokes gentle fun at all of us. Drawing from his rich background as an ordained minister, successful music and publishing executive, celebrated speaker, best-selling author, college chaplain, and father of five, he uses his sharp wit and keen insight to help bring into focus the things that unite us - our common dependency upon the Lord and our desire to serve Him.

His most recent book, "In Quest of The Shared Life," is sure to take its place beside his three other books in the homes of his more than three hundred thousand readers.

A special Community Banquet for men and women of all ages will be the highlight of the retreat weekend. Bob Benson will be speaking, with music provided by Jana Wacker. The dinner and program will be held Saturday, November 5th at 7:00 p.m. in the Boyne Mountain Convention Center.

More information, registration forms and banquet tickets may be obtained by contacting your local area coordinator, Patti Shepler at 348-3123 or they may be picked up at Davis Jewelry. We suggest that you make reservations early, because our capacity is limited. The retreat is sponsored by the neighborhood interdenominational Bible classes of Petoskey & all women are invited to participate.

## With Air Force In Panama

He is a 1982 graduate of Anne Arundel Community College, Arnold, Md.

## Youth Service Bureau

The Crawford County branch of the AuSable Valley Youth Service Bureau has begun its school year program. This year we will be providing a variety of youth services including counseling, job skills, social work and recreation. Services will be provided through Crawford County to youth aged six through eighteen.

This year we will provide eight life skills groups at the high school and four life skills groups at the middle school as well as providing individual and family counseling services. We expect an average case load of 95 student clients this year. Our staff will be working in all four of the schools within the Crawford AuSable School District, as well as conducting regular office hours Monday through Friday 9:00 - 5:00.

Referrals will be accepted from the Crawford County Department of Social Service, Crawford County Probate Court, North East Michigan Mental Health Services of Grayling and the Crawford AuSable School District. If you would like further information about our agency or this year's program, please call us at 348-2841 ext. 282 or write to us at Post Office Box 311, Grayling, Michigan 49738.

A United Way Supported Agency.

## Grayling Township Board

Regular Meeting — Sept. 13, 1983

Members present: J. Bonkowski, M. Hallett, M. Ashton, B. Fowler.

Members absent: E. Gardiner

Others present: Charles Leo Post, Fran Hanson, Howard K. Guyette, Sr.; Sean Linkhart, Barb Sojka, Bob Chappel, Robert Pryor, Cal and Sue Brenner, William Bonkowski.

Supervisor Fowler called the meeting to order at 7:30 p.m. Motion by Bonkowski, supported by Hallett to approve minutes of August 9, 1983 as printed. All ayes, motion carried.

Motion by Bonkowski, supported by Ashton, to approve Treasurer's report as presented. All ayes, motion carried.

Correspondence:

1. Part-time Legislature fact sheet and petition form was noted and placed on file.

2. Lake Margrethe Property Owners fall newsletter was summarized and placed on file. The Association is finally getting somewhere with its long campaign against sewage pollution in the lake. The lake is due to be swept by the Septic Snooper, a device which pinpoints pollution sources, yet this year.

3. Thank you from Department of Natural Resources to B.J. Fowler for his input to a session designed to help the D.N.R. improve its community relations.

4. Notice from Crawford County Road Commission of a Public Hearing on September 23, 1983 on the question of vacating an alley in Portage Lake Park, 2nd Addition.

5. Information from the Chamber of Commerce regarding their recent purchase of a punch and bind machine for lay flat plastic binding.

6. Copy of bid sheet and mailing list from Fire Department for repair, re-manufacture and refinishing of the Howe Fire Truck. This item was included in the 1983-84 Fire Budget.

7. Crawford County Sheriff's Department July Activities report was noted and placed on file.

8. Municipal Fire Protection Questionnaire from State Department of Management and Budget to determine eligibility for payment for providing fire protection for state owned facilities in the Township. This would possibly include Camp Lehman & Hartwick Pines.

9. Invitation from North East Michigan Council of Governments to join their force. Crawford County is a member and we will continue with N.E.M.C.O.G. through the County membership.

10. Letter of appreciation for summer job opportunity from Sheryl L. Wieland.

11. Letter of resignation from Assistant Assessor, Sharon Ruhl. She will be moving out of the County.

Motion by Bonkowski, supported by Hallett, that we regretfully accept Sharon Ruhl's resignation. All ayes, motion carried.

Supervisor noted that we are advertising in the Michigan Assessor's Magazine and Michigan Township Association News for an assessor to fill this vacancy.

BUSINESS:

12. Petition from property owners abutting Little John Avenue, Davenport's Fine Acres for blacktopping. This is a possible Special Assessment District in which the property owners would bear 100% of the cost over a usual three year period.

Motion by Hallett, supported by Bonkowski, to authorize Supervisor to proceed with cost estimates and public hearing for a blacktopping project on Little John Avenue. All ayes, motion carried.

13. The terms of two seats on the Grayling Township Planning Commission will expire on September 30, 1983. Requests for reappointment were received from incumbents Rose Keusch and Steve Jorgenson. Application for appointment was also received from Kenneth L. Eggert.

Motion by Bonkowski, supported by Hallett to re-appoint Rose Keusch and Steve Jorgenson to the Grayling Township Planning Commission. All ayes, motion carried. Mr. Eggert's application will be placed on file for consideration in future vacancies.

14. Bob Chappel reported that the Crawford County Transportation Authority has recommended the County Commissioners consider contracting the airport operation out to an individual as an option for solving problems at Grayling McNamara Airport.

15. Building and Zoning Department report was read and placed on file.

16. Assessing Department report was read and placed on file.

17. Motion by Bonkowski, supported by Ashton to adopt the following resolution regarding the Natural Gas Consumer Relief Act. All ayes, motion carried.

## RESOLUTION

WHEREAS, the cost of gas has more than doubled in the last six years, and will double again by 1990 unless corrective legislative action is taken, and

WHEREAS, many consumers, particularly those on fixed and low incomes, are unable to afford these increased costs, and WHEREAS, such price increases are often the result of contracting practices between gas producers and pipelines which do not reflect conditions in the marketplace, and

WHEREAS, the Federal Energy Regulatory Commission should be given a clear direction from Congress to reform pipeline rate design to allow price signals from the marketplace to reach back to pipelines and producers, and

WHEREAS, a bill, called the Natural Gas Consumer Relief Act, has been introduced in Congress, which would curb unwarranted increases in the cost of gas, and

WHEREAS, that bill would roll ceiling prices on natural gas back to January 1982 levels - or some 15 to 20 percent - and maintain controls on "old" inexpensive gas, and

WHEREAS, that bill would ban all automatic price escalators and limit take-or-pay contracts between producers and pipelines to 50 percent of obligation, and

WHEREAS, that bill would force gas producers and pipeline companies to renegotiate all high-priced contracts immediately and penalize gas pipeline companies which failed to buy the cheapest natural gas available, and

WHEREAS, MichCon, our local natural gas distributor, fully supports the Natural Gas Consumer Relief Act as being in the best interests of both the industry and its customers, now, therefore,

BE IT RESOLVED, that Grayling Twp. Board supports the Natural Gas Consumer Relief Act and urges Congress to do the same, and

BE IT FURTHER RESOLVED, that copies of this Resolution be sent to all members of the Michigan Congressional delegation, the Senate Energy and Natural Resources Committee and the House Energy and Commerce Committee requesting their support, and

BE IT FURTHER RESOLVED, that copies of this Resolution be forwarded to the various communities in the area requesting support of all citizens interested in stopping higher gas prices.

18. Letter from Don Albosta outlining possible changes in the current Federal Revenue Sharing Program which expires September 30, 1983. H.R. 2780 State and Local Fiscal Assistance Act Amendments. This legislation would extend the revenue sharing program for three more years and increase revenue sharing payments to local units of government by \$450 million per year, making the new funding level \$5.02 billion per year. Otherwise the revenue sharing program remains basically unchanged. The Senate Finance Committee has reported out a companion bill, S. 1426, maintaining the current level of the program at \$4.6 billion per year over the next three years. This is the proposal favored by the Reagan Administration. A House-Senate Conference Committee will meet to iron out the differences between the two bills.

19. Motion by Bonkowski, supported by Hallett that bills on vouchers 6480 through 6512 and 6465 & 6466 for the amount of \$6479.43 be approved. All ayes, motion carried.

20. There was considerable discussion of the proposed Grayling Township Zoning Ordinance tentative final draft regarding a possibly unclear definition and a typographical error.

Motion by Bonkowski, supported by Hallett to recess this meeting of the Grayling Township Board until 5:00 p.m. September 14, 1983. All ayes, motion carried.

Supervisor Fowler called the meeting to order at 5:00 p.m. Members present: J. Bonkowski, M. Hallett, M. Ashton, B. Fowler.

Members absent: E. Gardiner

Others present: William Bonkowski, Gloria Zerbes, Bob Chappel.

21. Motion by Bonkowski, supported by Ashton to refer the proposed Grayling Township Zoning Ordinance back to the Grayling Township Planning Commission with corrections for final review. Ayes - four, Nays - zero, motion carried.

Motion by Hallett, supported by Bonkowski, meeting be adjourned. All ayes, motion carried. (5:15 p.m.) Respectfully submitted, Monica S. Ashton, Clerk

## Business, labor say n-plant vital to Michigan

The Midland Nuclear Plant in the home stretch of construction.

Business and labor leaders, in unusual harmony, say the electricity that will be produced by the Midland Nuclear Plant is essential to Michigan's economy.

Resolutions urging quick completion and licensing of the plant have been passed by both the Michigan State Building and Construction Trades Council and the Michigan State Chamber of Commerce. Both organizations worry that without Consumers Power Company's Midland plant, future supplies of electricity will not be large enough to meet the needs of business and industry.

They fear that even the current recovery could be scuttled, sentencing Michigan to continued recession and high unemployment.

Without the Midland plant, Michigan will be short of electric power "at the very time it is needed most to satisfy the requirements of increased business activity and to create the jobs so desperately desired," says the Building and Construction Trades Council.

The Chamber agrees, adding that the absence of the Midland plant "could cripple the recovery and place a roadblock to commercial expansion." The organization notes that "Michigan's citizens, for too long, have been required to live in an environment in which unemployment concerns have dominated their thoughts. Economic recovery,

fueled by the timely construction and completion of the state's electric generating plants, is vital in changing this condition."

Both groups point out that Michigan's current electric supply is deceiving. It is adequate in part because Michigan's recession has greatly reduced commercial and industrial use of power. But as the recovery that is now underway grows stronger, increased demand will quickly eat up existing reserves of electricity.

And as Consumers Power recently discovered, demand can jump unpredictably. On a steamy July 15, the Company's customers set a new record for peak demand—a level of use the Company hadn't expected to occur until 1986.

The Chamber points out that energy plays a critical role in maintaining a healthy economy. A prosperous business demands a plentiful, reliable supply of energy to fulfill its growing needs. That supply becomes an attractive incentive for existing businesses to stay in Michigan, and helps convince others to relocate in the state.

All of that translates into jobs.

## Jones-Jones Exchange Vows

Valerie Jay Jones and Kenny Louis Jones, both of Grayling, were united in marriage in a double ring ceremony on September 10, 1983 at St. John's Lutheran Church. Pastor Robert Haskel officiated.

Joy Wright served as the matron of honor. The best man was Craig Jones, brother of the groom. Also witnessing the vows were the bride's children, Debbie and Darryl.

Accompanied to the altar by her father, Robert Chapel, Valerie wore a full-length light blue gown with a hair piece of flowers to match her dress. The brides-

maids wore light lilac gowns and baby's breath in their hair. The groom and best man both wore Army Class A dress uniforms. Kenny is a member of the 1438th Engineer Det. in Grayling. Craig Jones is a Lance Missile Crew Member in Craisheim, Germany.

The wedding cake was made and decorated by the bride's mother, Eileen Chappel. It was a three tier cake with white frosting and light blue and lilac flowers to match the gowns.

Organ music was performed by Ingeborg Raee, and Elizabeth Zuker sang the song "The Rose".

A reception followed at the Jones' new home in Grayling.

Out of town guests attended from Germany, Freeport, Illinois, Petoskey, Harper Woods, Grand Rapids, East Lansing, Gladwin, Luzerne, Royal Oak, Sterling Heights, and Detroit.

## How To Start Your Own Home Business

by Gail Edwards, EHE Cooperative Ext. Service

What are your hobbies? What do you enjoy? What community work have you done? What job and educational experiences have you had, formal and informal? Consider taking advantage of all your above mentioned assets and start a Small Home Business.

More and more Michigan residents are considering self-employment as an option during these troubled economic times. Faced with today's rising costs, many men and women are unsure of where they will come up with enough money to cover their family's basic living expenses. Many have been laid off from their jobs, or accepted wage freezes or a shorter working week. Many women would like to enter the work force but find a lack of suitable jobs. The cost of child care, gasoline, proper clothing attire and lunch away from home can eat into any extra income they make. What is the answer? Perhaps a Small Home Business is the answer for you.

Men and women can use the skills and talents they already have and enjoy. In many instances they already have most of the equipment needed. Using the home as headquarters eliminates rent or large initial investments. This can be an ideal situation for families with small children to care for.

The "How to Start Your Own Home Business" seminar is available to help you launch your own business endeavor. It is sponsored by the M.S.U. Cooperative Extension Service in Roscommon County. Seminar dates are October 4th and 5th from 9:00 a.m. - 3:30 p.m. The all day sessions, held at the Lyon Township Hall, will have information on time management, record keeping, marketing, advertising, tax information and much more. The cost is \$6.00.

Call the Cooperative Extension Service at 275-5043 for pre-registration information.

Kathryn Yatch, Grayling and Frederic Elementary Physical Education teacher, recently attended Flint's First Annual Carriage Town Festival along with her Arabian stallion, Geybawni, and circa 1906 spring wagon. She and her horse and wagon took part in a driving clinic conducted by horse expert Audrey Bostwick of Philadelphia, Pa., the 3 1/2 hour General Motors 75th anniversary parade, and a potato race with the horse and wagon during the Carriage Games. The horses were stabled in a turn-of-the-century dairy and milk-wagon horse barn in the restored Water Street District where the beginnings of General Motors Company is honored with the partially restored Durant-Dort Carriage Company office building.

# Vikes Win 6-0 Again

BY Jon Thompson

Key catches by Mike Hickey and Darrin White propelled the Grayling Vikings past the Petoskey Northmen Friday night in a 6-0 win.

During the 65-yard touchdown march Hickey caught a 40-yard bomb and a 10-yard touchdown pass. White kept the drive alive with a nine-yard grab on fourth down and yards to go.

After Grayling scored in the fourth quarter, they held off a final Petoskey drive within the Viking 20-yard line. Mick Lovely collared a Petoskey runner trying to go wide on him on a third down play and Greg Helsel tackled a running back during a screen play on fourth down.

Grayling set themselves up for the winning touchdown when they recovered a fumble off a Grayling punt. The Vikings used only five plays to score from their own 35. Hickey drove the defensive back in the end zone then came back as quarterback Jim Stewart delivered the ball. He made sure of the catch on the two-yard line then dove forward into the endzone as the defender hit him.

Grayling improved their

season record to 2-1 and are 1-1 in the league. They meet Rogers City there this Friday.

Head coach Bill Klinger said his team is playing strong defense - it was Grayling's second shutout - but the offense is still inconsistent.

"We can't seem to break our backs loose for big yardage," he said.

The defense, led by Helsel, Lovely, White, Rodney Patterson, Lance Davis, Ron Wyman, and Gary Gugin held Petoskey to under 100 yards on offense.

Klinger credited his offensive line with good protection during the winning touchdown drive. He said Rene Trudgeon, Ron Wyman, Riley McNamara, Brian Jacobs, Pete Huss, and Todd Whitcher gave quarterback Stewart plenty of time to throw.

The Viking punting game also improved, Klinger said. Ken Lademan kicked six times for more than 26 yards average and the coverage recovered two balls.

The Grayling J.V. dropped a 14-0 game to Petoskey giving up a long kick-off return and a long touchdown run.

## La Leche League Meeting Notice

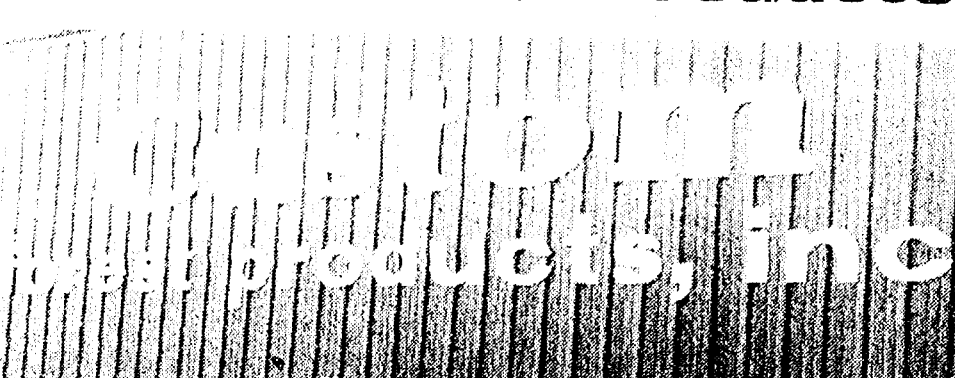

If your family is awaiting the arrival of a new member, the Grayling-Roscommon La Leche League meeting: "Baby Arrives; The Family and the Breastfed Baby," may interest you. Informal discussion will center on how to manage those first hectic weeks, with emphasis on the entire family as well as timely tips for the nursing mother and baby.

The importance of breast-

feeding is stressed, no as an end in itself, but as an integral part of the whole human relationship.

The meeting will be held on Thursday, October 6 at 7:30 p.m. at 130 Fulton Street, Grayling. Expectant mothers are encouraged to attend the series of meetings before the baby arrives. Any woman interested in breastfeeding is welcome; babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

gravel a road unless they're preparing to blacktop it.

He said there were hundreds of miles of roads in the county that could use gravel and he didn't think it was fair to other county residents to spend a lot of money on a temporary solution for Billman Road.

Keir said he told the Beaver Creek residents if they wanted the road blacktopped to go to their township board. The county road commission will participate 50 percent in blacktopping, he said.

This summer the county participated 50 percent in blacktopping Woodleaf Drive, a part of Sherwood Forest, Circle Court, 100 percent in paving Summit Ave., and joined the federal government in resurfacing Four Mile Road, Stephan Bridge Road, and County Road 502.

Keir added that many roads in the county were in poor shape this summer due to hot, dry weather which hampers effective grading. The Fourniers said about 100 year-round families use Billman Road and they deserve better conditions. They said many snowmobiles and dirt bikes also put use on the road.

The potholes are bad but the worst problem is the sand, they said.

"If a car is coming at you and you try to move over, you go into deep sand and it's a dangerous situation," Lee Fournier said.

The Fourniers and Dippers plan on taking their petition to the county road commission and asking for a good two-lane road they can drive on.

# Girls 4-0, Play Tough Conference Foes Next

13 Crawford Co. Avalanche Thurs., Sept. 29, 1983

By Jon Thompson  
Grayling used a 27-4 first period scoring blitz Thursday to grind up Houghton Lake 65-32 and post their fourth straight victory of the young season. The girl Vikings pulled away from Oscoda last Tuesday with a 35-9 second half enroute to a 62-31 win.

Grayling went after its fifth win Tuesday hosting league opponent Petoskey. They'll play Boyne City Thursday there.  
Grayling could do no wrong in the opening 8 minutes against Houghton Lake.  
"I really enjoyed the first quarter," head coach Tom

Mills said. "The girls moved well, got the ball to the open player downcourt, they were aggressive, and they shot well."  
Mills said his team has played good defense the last two ballgames but said the key to their easy victories was the ability to move the ball downcourt and hit the

open person.  
Against Houghton Lake, Heidi Bendig scored 18 and dished off five assists. Kris Laudenslager scored 11, Karyn Reynolds scored 8 and had 8 assists, and Kris Larson hit for 6. Stacey Wolcott, Heidi Derenzy, Shelly Trenary, and Michelle Barber each contributed 4, Lisa LaMotte had 3, Dawn Phelps 2, and Erin Jones 1.

Laudenslager and Wolcott each grabbed 10 rebounds as Grayling put up 66 shots to Houghton Lake's 42. The Green and White had 24 steals to go along with their fine 49 percent shooting percentage.

Against Oscoda, a class B school, the game was tight at halftime 27-22 with Grayling leading. Then the Grayling girls streaked away outscoring Oscoda 20-4 in the third quarter.

Bendig hit for 22, Reynolds 12, Laudenslager 11 points

and 14 rebounds, Trenary 4, LaMotte 3, Wolcott, Derenzy, Larson, Barber, and Jones added 2.

The girl Vikings continued their hot streak from Tuesday against Oscoda carrying it into the opening period against Houghton Lake Thursday. The Green and White press was effective producing outright steals, turnovers, or causing Houghton Lake mistakes. Grayling scored on fast break lay-ups or when they had to set up an offense it didn't take long to score. With Bendig directing the show from the top of the key, Grayling opened the defense quickly to feed center Laudenslager the ball inside or Wolcott and other forwards the ball on the baseline. Bendig was wide open to hit from the top when nothing else looked open.

Mills said the girls will really be tested now that league play begins. He said

most of the teams in the conference will be tough again and he added that he was glad Grayling went 4-0 through the non-conference part of the schedule.

"I'd rather had the four wins in the league but they were important to us for building confidence."

After Petoskey and Boyne this week, the Vikings host Cheboygan at home Tuesday, Oct. 4.

**FREE BREAD CLASSES**  
are scheduled for October 10 to 14, 7:30 to 9:00 p.m. Call for details & reservations.\*

We are organizing an Organic Gardening Club. The first meeting will be on October 28 at 7:30 p.m. First of Dec. and end of Feb. are the two other tentatively scheduled meetings. This club is for the purpose of exchanging food and ideas, and also for those who wish to learn about organic gardening. Call for details.

**20 POINT AVERAGE**—Heidi Bendig goes up high and easy for a fast break lay-up against Houghton Lake in a 65-32 win. Bendig scored 18 points and added five assists. In Grayling's four wins Bendig, the floor leader, has averaged 20 points and led in assists. (Photograph by Jon Thompson)

## Raiders Lose 30-12

The Grayling Raiders started out with a bang Sunday but fell short of ammunition losing 30-12 to Atlanta.

On their first offensive play, the Raiders used a 43-yard trick pass to Jeff Wolcott to score. In the second period the Raiders sprung Jeff McClellan loose for a 57-yard touchdown pass. Grayling was knotted 12-12 with Atlanta at halftime before falling in the second half. A fullback for Atlanta weighing more than 220 pounds ran for three touchdowns.

Derrick Christman and Marty Jung led the Raiders in tackles. John Cross, Ron Mehlhorn, and Jeff Palmer recovered fumbles. Christman intercepted one Atlanta throw.

Grayling fell to 1-2 in the NFL. They play St. Ignace Sunday at St. Ignace. This Saturday the Raiders will be selling MM's door to door as a fundraiser.

## Chamber Chatter

By Joyce Kolka

The Grayling Holiday Inn was the scene for the Michigan Snowmobilers Association Meeting Saturday, September 17th. By-Laws were discussed, changed and approved. The Grayling Area Council will be meeting in the near future to elect officers and draw up guidelines. Interested businesses and individuals should call the chamber office to be placed on a list to be notified of the meeting.

Oh, by the way, the Artrain is coming! Grayling, you have done it again! It was often said that Grayling would never recover from the Bear Archery move. But we have recovered. We have more industry here today than ever before. It was also stated that the Grayling Fish Hatchery could never be reopened. But we have reopened it and 36,500 people have passed through its gates this year. Grayling, we're very proud of you!

Our new Chamber office is progressing nicely in the City Park. The Jack Millikin crew are busy as beavers constructing it to the point where the school building trades class will take over. Looks like our dream is finally coming true.

The Holiday Inn will be the scene of the Annual Chamber Banquet on Thursday, October 27th. A very light and enjoyable evening is being planned. Music will be by Fred Hinkle with the big band sound and that of the 40's, 50's, and 60's. Tickets are \$10.00 each. Everyone is welcome!

The Mercy Hospital Auxiliary is holding their Annual Holiday Bazaar and Silver Tea on October 6th at the Michelson Memorial Methodist Church. Friends come from near and far for this festive treat. Many lovely prizes will be given away. Plan to attend this very worthwhile affair. The proceeds help your hospital which in turn helps you.

This week we welcome Steven R. Brinks of Upper Lakes Tire, Inc. into the Chamber Membership. They are located on M-72 East across from Stephan Wood Products. We wish them much success and invite them to become active in the chamber functions.

Also, Welcome Back, Don! Don Geiss, our Chamber P.R. Director, has been on vacation for two weeks and I've had a very empty office with no one to answer all of the fishing and hunting questions for me. I also miss his little experiences with the wild animals in his back yard or the fish he caught the night before. Anyway, Don, it's good to have you back aboard ship. Hope you had an enjoyable vacation.

## Attend the Church of Your Choice

### SOURCE OF BEAUTY

When we look upon the grandeur of nature—when we gaze with awe at a masterpiece of art—when we are thrilled with the sounds of great music—then we often wonder about the source of all this beauty.

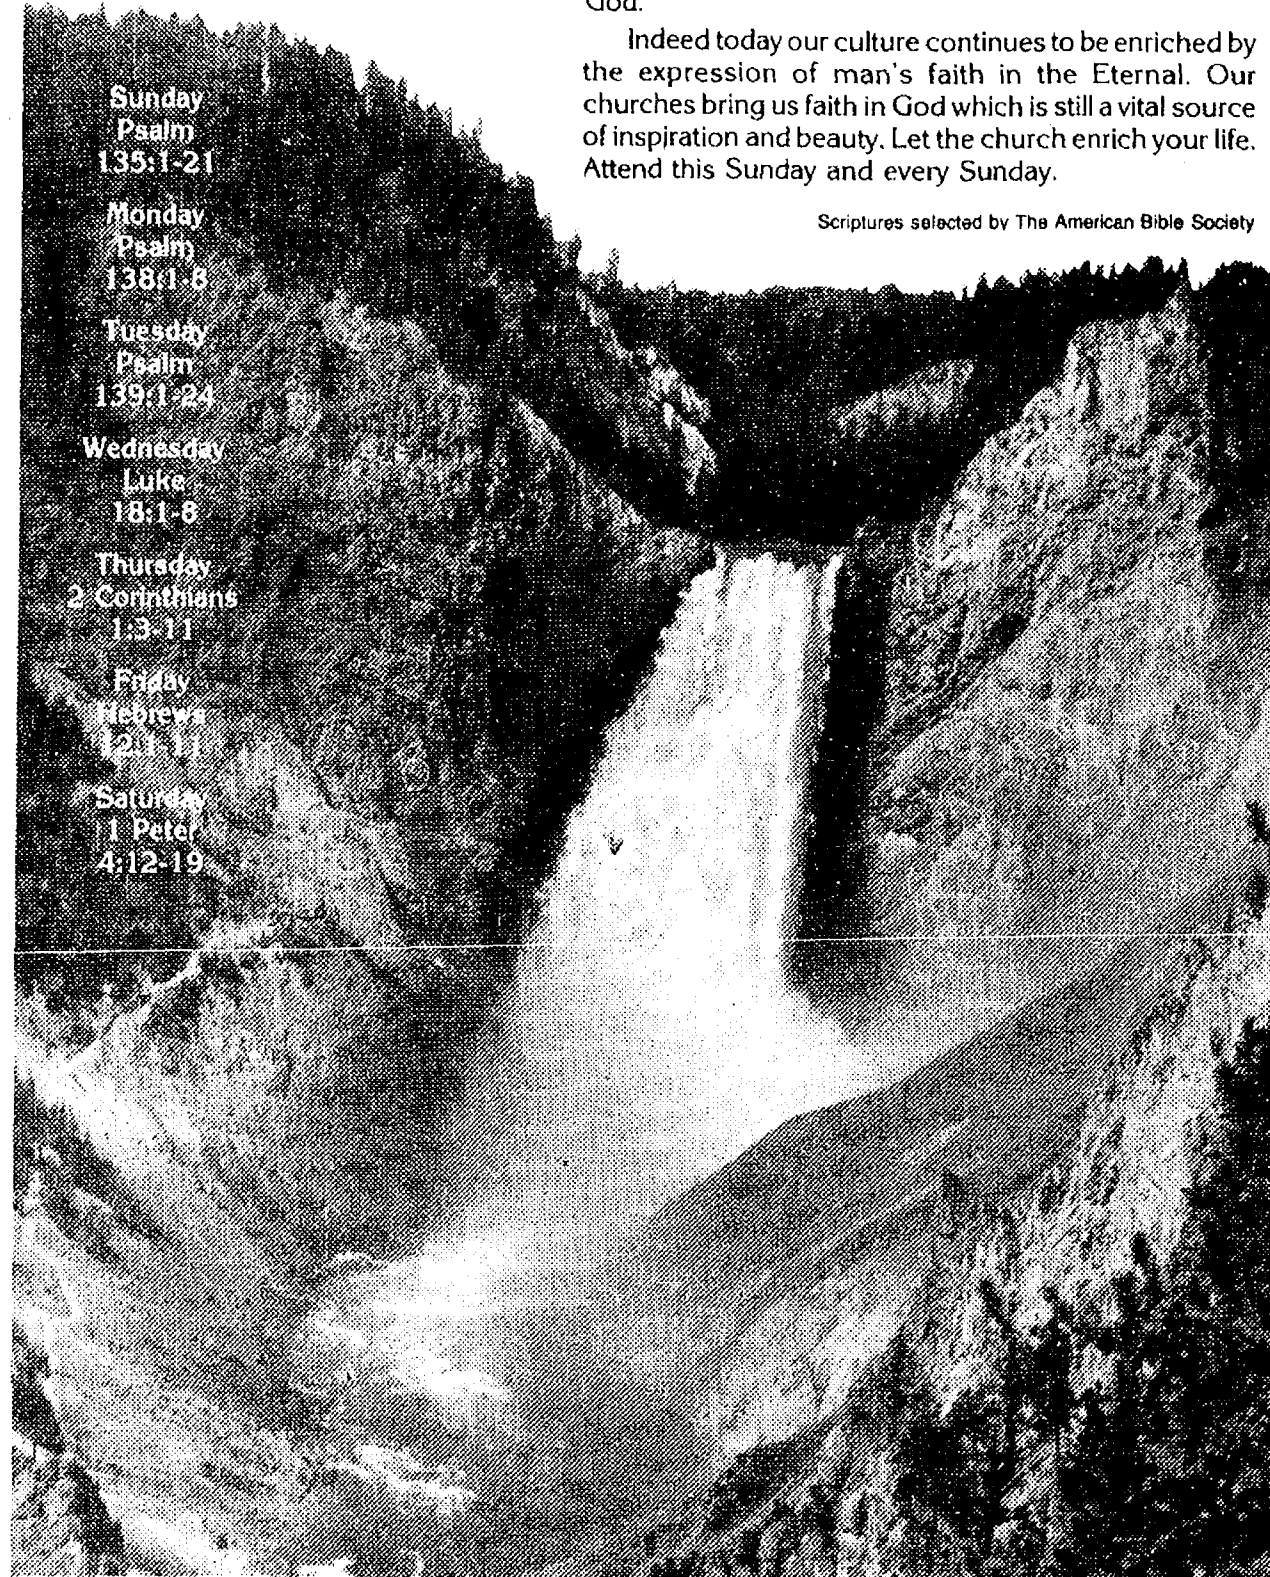

Undoubtedly, our energy and ability is God. It is He who is the real source of beauty in our culture. Human spirits, touched with divine inspiration have given the world treasures untold.

Consider Da Vinci's *The Last Supper*. Consider Handel's *Messiah*. Consider the marvelous literature of the Holy Bible. Truly some of the very finest of man's creations have come as the result of an awareness of God.

Indeed today our culture continues to be enriched by the expression of man's faith in the Eternal. Our churches bring us faith in God which is still a vital source of inspiration and beauty. Let the church enrich your life. Attend this Sunday and every Sunday.

## Evacuating the Wounded

The Air Force has asked a Texas A&M think tank to develop specific ideas on how the nation's commercial airliners could be used to evacuate wounded soldiers from overseas battle zones in the event of war. More than 200 passenger jets—primarily of the jumbo jet class—and 100 commercial cargo planes are under the contract to the Air Force for just such emergency use.

to forfeit said Defendant's  
rights under a certain land  
contract dated May 7, 1982,  
executed by and between the  
parties herein. Said lands are  
situated in Grayling Town-  
ship, Crawford County,  
Michigan are described as  
follows: Part of the NW 1/4  
of the NE 1/4, Section 13, T26N,  
R4W, Grayling Township,  
Crawford County, Michigan.

IT IS HEREBY OR-  
DERED that the Defendant,  
Irene J. Burdeau, shall answer  
or take such other action as  
may be permitted by law on or  
before the 4th day of October,  
1983, at 2:00 p.m.

Failure to comply with this  
Order will result in a Judg-  
ment by Default against said  
Defendant for the relief  
demanded in the Complaint  
filed in this Court.

Said premises are described  
as follows:

Land in the Township of  
Grayling, Crawford County,  
Michigan, described as: That  
parcel of land commencing at  
a point where the center of M-  
93 as now surveyed and  
existing on the premises inter-  
sects the South line of the  
NW 1/4 of NE 1/4 of Section 13,  
Town 26 North, Range 4 West,  
Grayling Township, Crawford  
County, Michigan; thence 88  
ft., NE 1/4 along said centerline  
of M-93; thence NW 1/4 388 ft.  
to a point 63.8 ft. due South of  
the NW corner of said NW 1/4  
of the NE 1/4 of Section 13,  
thence South along said line  
336.2 ft. to the South line of  
said NW 1/4 of NE 1/4, thence  
due East 200 ft. to POB. ac-  
cording to the State of Michi-  
gan, right of way for M-93 as  
now surveyed and existing.

## Legal Notice

STATE OF MICHIGAN  
In the District Court For  
The County of Crawford

Arthur E. Clough and  
Lillian A. Clough, Plaintiffs  
vs.  
Gary L. Smith and  
Barbara J. Smith,  
Defendants

File No. LT 83 043  
ORDER

Petitioner's Motion for an  
Order allowing service of  
process by publication upon  
Defendants, Gary L. Smith  
and Barbara J. Smith, having  
been heard, and an Affidavit  
filed in support of said Motion  
having been considered, the  
Court finds that service of  
process by publication pro-  
vided for under D.C.R. 106 is  
necessary as the whereabouts  
of the Defendants and their  
residence is unknown; that the  
Defendants reside outside of  
the State; and that a Sum-  
mons and Complaint have  
been returned showing that  
service of process cannot be  
made in the County where the  
Defendant previously resided.

NOW, THEREFORE, the  
Defendants are hereby not-  
ified that a civil action has  
been commenced against them  
for forfeiture of a certain Land  
Contract between Arthur E.  
Clough and Lillian A. Clough,  
dated June 1, 1979 between  
the parties hereto for the  
following described property:

Lot 3, Block 2, Plat of Karen  
Woods, according to the  
recorded Plat thereof, Town-  
ship of Grayling, County of  
Crawford, State of Michigan  
and that, if you desire to  
defend same, you are required  
to answer or take such other  
action as may be permitted by  
law with regard to the Com-  
plaint filed against you, in the  
District Court for the County  
of Crawford on or before Oc-  
tober 18, 1983. If you fail to  
do so, Judgment by Default will  
be taken against you for the  
relief demanded in the Com-  
plaint.
